This Offering is made on a best efforts basis by the Agent and is subject to an aggregate minimum subscription of 2,000,000 Common Shares for total minimum gross proceeds to the Corporation of \$200,000. The offering price of the Common Shares was determined arbitrarily by the Directors of the Corporation. All funds received from subscriptions for Common Shares will be held by the Agent pursuant to the terms of the Agency Agreement between the Corporation and the Agent. If the Offering is

not fully subscribed for within 90 days of the issuance of a receipt for the final prospectus or such other time as may be consented to by the Agent and the persons or companies who subscribed within that period, all subscription monies will be returned to subscribers without interest or deduction, unless the subscribers have otherwise instructed the Agent.

Pursuant to the Agency Agreement, the Agent will, following the date of the issuance of the Final Receipt, be granted a non-transferable option (the “**Agent’s Option**”) to purchase 200,000 Common Shares at a price of \$0.10 per Common Share expiring 24 months from the date of listing of the Common Shares on the Exchange (the “**Listing Date**”). The Agent’s Option is qualified for distribution under this prospectus.

This prospectus also qualifies for distribution the options to be granted to the Directors and Officers of the Corporation to purchase up to a total of 350,000 Common Shares. See “Plan of Distribution”, “Description of Securities Distributed” and “Options to Purchase Securities”.

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent’s Option and the grant of the Directors’ Options (see “Options to Purchase Securities”), trading in all securities of the Corporation is prohibited during the period between the date a receipt for the preliminary prospectus is issued by each of the British Columbia Securities Commission and the Alberta Securities Commission (collectively, the “**Commissions**”) and the time the Common Shares are listed for trading on the Exchange except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable Commission grants a discretionary order.

The Corporation has applied to list its Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Corporation’s business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See “Risk Factors”.

There is no market through which the Common Shares offered by this prospectus may be sold and purchasers may not be able to dispose of them on a timely basis. Upon completion of this Offering, purchasers will suffer an immediate dilution (based on the gross proceeds from this and prior issues without deduction of selling and related expenses) per Common Share of \$0.0287 or 28.7%. The Corporation was only recently incorporated and does not currently own any assets other than cash. The business objective of the Corporation is to identify and evaluate assets or businesses with a view to completing a Qualifying Transaction which receives Exchange approval and in the case of a Non Arm’s Length Qualifying Transaction, Majority of the Minority Approval of the Corporation’s shareholders. There can be no assurance that the Corporation will successfully complete any Qualifying Transaction. The Corporation has not commenced the process of identifying potential acquisitions. The Corporation may find that even if the terms of a potential acquisition are economic, the Corporation may not be able to finance such acquisition and additional funds may be required. Since the Corporation has not placed any geographical restrictions on the location of a Qualifying Transaction, such Qualifying Transaction may involve the acquisition of a business located outside of Canada and, as such, investors should be aware that it may be difficult or may not be possible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and that it may not be possible to enforce against such Persons or the Corporation, judgments obtained in Canadian courts predicated upon the civil liability provisions of applicable securities laws in Canada. Where the investment or acquisition is financed by the issuance of Common Shares from the Corporation’s

treasury, control of the Corporation may change and shareholders may suffer further dilution of their investment. The Corporation will be in competition with other corporations with greater resources. The Corporation has neither a history of earnings nor has it paid any dividends and it is unlikely to generate earnings or pay dividends in the immediate or foreseeable future. The Exchange may suspend from trading or delist the Common Shares where the Corporation has failed to complete a Qualifying Transaction within 24 months of the date of listing. The Executive Director of a Commission may issue an interim cease trade order against the Corporation's securities if the Common Shares of the Corporation are suspended from trading on the Exchange and will issue an interim cease trade order if the Corporation is delisted from the Exchange. In addition, delisting of the Common Shares will result in the cancellation of all or a portion of the Common Shares of the Corporation owned by Insiders, as hereinafter defined, issued prior to this Offering. Investors must rely solely on the expertise of the Corporation's Promoters, as hereinafter defined, Directors and Officers for any possible return on their investment. The Corporation's Promoters, Directors, Officers and Control Persons, as hereinafter defined, and their Associates, as hereinafter defined, and Affiliates, as hereinafter defined, as a group, beneficially own or control, directly or indirectly, 2,700,000 Common Shares, which represents 100% of the issued and outstanding Common Shares before giving effect to this Offering and will own approximately 57.4% of the issued and outstanding Common Shares after giving effect to this Offering. The Directors and Officers of the Corporation will only devote part of their time to the affairs of the Corporation and there are potential conflicts of interest to which some of the Directors and Officers of the Corporation will be subject in connection with the operations of the Corporation. See "Capitalization", "Business of the Corporation", "Directors, Officers and Promoters", "Use of Proceeds", "Conflicts of Interest" and "Risk Factors".

This Offering is subject to the CPC Policy and the securities laws of the Provinces of British Columbia and Alberta. Pursuant to the CPC Policy, no purchaser of the Common Shares is permitted to directly or indirectly purchase more than 2% or 40,000 of the total Common Shares offered under this prospectus. In addition, the maximum number of Common Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates of that purchaser, is 4% or 80,000 of the total number of Common Shares offered under this prospectus. Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that share certificates for the Common Shares evidencing the Common Shares in definitive form will be available for delivery on the Closing Date.

Leede Financial Markets Inc., as agent, conditionally offers these Common Shares, on a best efforts basis, if, as and when subscriptions are accepted by the Corporation, subject to prior sale, in accordance with the terms and conditions of the Agency Agreement referred to under "Plan of Distribution" and subject to the approval of certain legal matters by Woods & Company, Barristers & Solicitors, West Vancouver, British Columbia on behalf of the Corporation and by Salley Bowes Harwardt LLP, Barristers & Solicitors, on behalf of the Agent.

1.1 Business of the Corporation

The principal business of the Corporation will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. Until the completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses in connection with a potential Qualifying Transaction. The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. See “Business of the Corporation”.

1.2 Offering

A total of 2,000,000 Common Shares are being offered under this prospectus at a price of \$0.10 per Common Share for gross proceeds of \$200,000. This Offering is being made on a best efforts basis by the Agent. In addition, the Corporation will, following the date of the Final Receipt, grant an option to the Agent which is a simple non-transferable option to purchase up to 200,000 Common Shares (10% of the number of Common Shares sold pursuant to this Offering) at a price of \$0.10 which will be exercisable for a period of 24 months from the Listing Date. The Agent’s Option and the options to be granted to the Directors and officers are also qualified for distribution under this prospectus.

The Corporation will also, following the date of the Final Receipt, grant options to its Directors to purchase Common Shares, all of which options are qualified for distribution under this prospectus. The options will provide for the purchase of up to 350,000 Common Shares and will be exercisable at \$0.10 per Share for a period of five years from the Closing Date. See “Plan of Distribution”.

1.3 Use of Proceeds

The net proceeds to the Corporation will be approximately \$180,000. The net proceeds of this Offering will be used to provide the Corporation with a minimum of funds with which to identify and evaluate assets or businesses, for acquisition with a view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such businesses or assets once identified and evaluated and additional funds may be required. Until Completion of the Qualifying Transaction and except as otherwise provided in the CPC Policy, a maximum of the lesser of 30% of the gross proceeds realized or \$210,000 may be used for purposes other than evaluating businesses or assets. See “Use of Proceeds”. Until completion of the Qualifying Transaction, neither the Corporation nor any party on behalf of the Corporation will engage the services of any person to provide investor relation activities or market making services.

1.4 Directors and Officers

The Directors and officers of the Corporation – and the positions held by them – are as follows. See “Directors, Officers and Promoters”.

Xiaolin (Charlie) Cheng – Director, Chief Executive Officer and Chief Financial Officer
Jian Hong (James) Zhang – Director
Yingbin (Y.B.) Ian He – Director
Nanmao Su – Director and Chairman

1.5 Escrow

All of the currently issued and outstanding Common Shares of the Corporation, being 2,700,000 Common Shares, will be deposited in escrow pursuant to the terms of the Escrow Agreement and will be released from escrow in stages over a period of up to three years after the date of the Final Exchange Bulletin. See “Escrowed Securities”.

1.6 Dividend Policy

It is not contemplated that any dividends will be paid on the Common Shares in the immediate or foreseeable future. See “Dividend Policy”.

1.7 Risk factors

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation’s business and its present stage of development. The Corporation was only recently incorporated and has no active business or assets other than cash. It does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. The Offering is only suitable to investors who are prepared to rely entirely on the Directors and management of the Corporation and can afford to risk the loss of their entire investment. The Directors and officers of the Corporation will only devote part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which the Directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment of 28.7% or \$0.0287 per Share. There can be no assurance that an active and liquid market for the Corporation’s Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service of notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such Persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. See “Risk Factors”.

The Corporation has not conducted any commercial operations. The Corporation currently intends to pursue a Qualifying Transaction in the mining sector but there is no assurance that this will, in fact, be the business sector of a proposed Qualifying Transaction of the Corporation following Completion of the Qualifying Transaction.

Until completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. The Corporation has not yet entered into an Agreement in Principle.

3.3 Foreign Qualifying Transactions

Under the CPC Policy, except where the Resulting Issuer is an Oil & Gas Issuer or a Mining Issuer (as such terms are defined in the CPC Policy), when the Qualifying Transaction of a CPC that is a reporting issuer in Ontario involves the acquisition of a Significant Asset not located in Canada or the United States, the Qualifying Transaction must be undertaken using a prospectus as the disclosure document. As it is anticipated that the Corporation will not be a reporting issuer in Ontario following completion of the Offering, this requirement does not apply to the Corporation.

3.4 Method of Financing

The Corporation may use either cash, bank financing, the issuance of treasury shares, or public financing of debt or equity, or a combination of the foregoing, for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

3.5 Criteria for a Qualifying Transaction

The board of Directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the Directors will act honestly and in good faith with a view to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The potential acquisitions will be screened initially by management of the Corporation to determine their economic viability. Approval of acquisitions will be made by the board of Directors. The board of Directors will examine proposed acquisitions having regard to, among other things, the (a) projected rate of return; (b) risk of loss; (c) prospects for growth; (d) skill of the management team; and (e) basic financing considerations, including the costs of the acquisition and the prospect of obtaining debt or equity financing to complete the acquisition.

3.6 Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Trading Halts, Suspensions and Delisting". Within 75 days after issuance of such news release, the Corporation shall be required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An Information circular must be submitted where there is a Non Arm's Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm's Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1 or Form 3B2. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven business days prior to closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR, or

- (b) mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a member of the Exchange, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the Policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse take-over for a period of one year from the Completion of the Qualifying Transaction.

3.7 Potential Qualifying Transaction

The Corporation has not, as of the date hereof, entered into negotiations respecting a potential Qualifying Transaction.

3.8 Minimum Listing Requirements

The Resulting Issuer must satisfy the Exchange's minimum listing requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable Policies of the Exchange.

3.9 Trading Halts, Suspension and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms for all individuals who may be directors, senior officers, promoters, or insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer; or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, completion of the Qualifying Transaction, are so significant or

numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

The Exchange may also impose a trading halt where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the CPC fails to file post-meeting or final documents as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the CPC within 24 months of the date of listing. In the event that the Common Shares of the Corporation are delisted by the Exchange, within 90 days from the date of such delisting, the Corporation shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the issuer or its remaining assets in some other manner. See "Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction".

3.10 Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable minimum listing requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by
 - (i) a member firm of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such member firm; and
 - (iii) associates of any such Person,collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;
- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange; or
- (e) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

4.2 Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Restrictions on Use of Proceeds", "Private Placements for Cash" and "Prohibited Payments to Non Arm's Length Parties", the gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of:

- (i) valuations or appraisals;
- (ii) business plans;
- (iii) feasibility studies and technical assessments;
- (iv) sponsorship reports;
- (v) engineering or geological reports;

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm's length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

4.3 Restrictions on Use of Proceeds

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation – or \$210,000, will be used for purposes other than those described above. For greater certainty, expenditures which are not included as “Permitted Use of Funds” include:

- (a) listing and filing fees (including SEDAR fees);

 - (iii) equipment leases; and
 - (iv) fees for legal advice and audit expenses, other than those described above under “Permitted Use of Funds”.

Until Completion of a Qualifying Transaction, no proceeds will be used to acquire or lease a vehicle.

4.4 Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to the private placement to Non Arm’s Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

4.5 Prohibited Payments to Non Arm’s Length Parties

Except as described in “Options to Purchase Securities” and “Restrictions on Use of Proceeds” the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm’s Length Party to the Corporation or a Non Arm’s Length Party to the Qualifying Transaction, or to a Person engaged in investor relations activities, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or Directors’ fees, finders’ fees, loans, advances and bonuses, and
- (b) deposits and similar payments.

Further, no such payment will be made on or after the Completion of a Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a promoter of the Corporation or in the case of a law firm, no member of the firm, owns greater than 10% of the outstanding Common Shares of the Corporation), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "Permitted Use of Funds".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

5. PLAN OF DISTRIBUTION

In addition, the Corporation will pay to the Agent a corporate finance fee of \$7,500 plus GST and will pay the Agent's legal fees and expenses (estimated at \$5,000 plus GST and PST).

The Corporation has also agreed to grant to the Agent the Agent's Option which is a simple nontransferable option to purchase 200,000 Common Shares, exercisable at a price of \$0.10 per Share during the period of 24 months measured from the Listing Date. The Agent's Option is qualified under this prospectus. Not more than 50% of the Common Shares received on the exercise of the Agent's Option may be sold by the Agent prior to the Completion of the Qualifying Transaction. The remaining 50% may be sold after the Completion of the Qualifying Transaction. The Agent has agreed to use its best efforts to secure subscriptions for the Common Shares offered hereunder on behalf of the Corporation and may make co-brokerage arrangements with other investment dealers at no additional cost to the Corporation. The obligations of the Agent under the Agency Agreement may be terminated at its discretion on the basis of its assessment of the state of financial markets and may also be terminated on the occurrence of certain events as stated in the Agency Agreement.

5.2 Best Efforts Offering and Minimum Distribution

The total Offering is for a minimum of 2,000,000 Common Shares for total gross proceeds of \$200,000. The Corporation has concurrently applied to list its Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

5.6 Subscriptions by and Restrictions on the Agent

The Agent has advised the Corporation that to the best of its knowledge and belief, neither it, nor any of its Directors, officers, employees or contractors or any Associate or Affiliate of the foregoing have subscribed for Common Shares of the Corporation.

The aggregate number of Common Shares permitted to be owned directly or indirectly by the participants referred to above is 20% of the issued and outstanding Common Shares of the Corporation exclusive of Common Shares reserved for issuance at a future date.

5.7 Restrictions on Trading

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent's Option and the grant of options to the Directors, officers and technical consultants of the Corporation no securities of the Corporation will be permitted to be issued during the period between the date a receipt for the preliminary prospectus is issued by the Commission and the time the Common Shares are listed for trading on the Exchange, except subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

Any Common Shares acquired pursuant to the exercise of options prior to the Completion of the Qualifying Transaction must be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. See “Escrowed Securities”.

9. DIVIDEND POLICY

No dividends have been paid on any of the Common Shares of the Corporation since the date of its incorporation and it is not contemplated that any dividends will be paid in the immediate or foreseeable future.

10. PRIOR SALES

Since the date of incorporation of the Corporation, 2,700,000 Common Shares have been issued as follows.

Date	Number of Common Shares	Issue Price per Share	Aggregate Issue Price	Consideration Received
January 2, 2007	2,700,000	\$0.05	\$135,000	\$135,000 (Cash)

11. ESCROWED SECURITIES

11.1 Securities Escrowed Prior to the Completion of the Qualifying Transaction

All of the 2,700,000 Common Shares issued prior to this Offering at a price of \$0.05 per Common Share, all Common Shares that may be acquired by Non Arm's Length Parties of the Corporation either under the Offering or otherwise prior to Completion of the Qualifying Transaction and all Common Shares acquired by members of the Aggregate Pro Group prior to this Offering will be deposited with the Escrow Agent under the Escrow Agreement.

All Common Shares acquired on exercise of stock options prior to the Completion of a Qualifying Transaction, must also be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued.

In addition, all Common Shares of the Corporation acquired in the secondary market prior to the Completion of a Qualifying Transaction by any Person or Company who becomes a Control Person are required to be deposited in escrow. Subject to certain exemptions permitted by the Exchange, all securities of the Corporation held by Principals of the Resulting Issuer, will also be escrowed.

The following table sets out, as at the date hereof, the number of Common Shares of the Corporation which are held in escrow.

Name and Municipality of Residence of Shareholder	Common Shares Owned	Number of Common Shares held in escrow	Percentage of Common Shares prior to giving effect to the Offering	Percentage of Common Shares after giving effect to the Offering
Xiaolin (Charlie) Cheng Delta, BC	800,000	800,000	29.6%	17.0%
Jian Hong (James) Zhang Coquitlam, BC	100,000	100,000	3.7%	2.1%

Name and Municipality of Residence of Shareholder	Common Shares Owned	Number of Common Shares held in escrow	Percentage of Common Shares prior to giving effect to the Offering	Percentage of Common Shares after giving effect to the Offering
Nanmao Su Scarborough, ON	1,200,000	1,200,000	44.4%	25.5%
Yingbin (Y.B.) Ian He North Vancouver, BC	600,000	600,000	22.2%	12.8%
Totals	2,700,000	2,700,000	100%	57.4%

Where the Common Shares of the Corporation which are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the Escrow Agreement has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities which could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any Control Person of the holding company not to transfer the shares of that Company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the “**Initial Release**”) and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If, upon completion of a Qualifying Transaction, the Corporation meets the Exchange’s Tier 1 minimum listing requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange’s prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement each Non Arm’s Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed the Escrow Agent to immediately:

- (a) cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares of the Corporation; or
- (b) if the Corporation is listed on NEX, either:

- (i) cancel all Seed Shares purchased by Non Arm's Length Parties to the CPC at a discount from the IPO price, in accordance with section 11.2(a) of the CPC Policy, or
- (ii) subject to majority shareholder approval, cancel an amount of Seed Shares purchased by Non Arm's Length Parties to the CPC so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

11.2 Escrowed Securities On Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are “Value Securities”, then all of the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (the “**Value Security Escrow Agreement**”). “Value Securities” are securities issued pursuant to a transaction, for which the deemed value of the securities at least equals the value ascribed to the asset, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a “**Surplus Security Escrow Agreement**”).

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every 6 months thereafter, on each of the 6, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 issuer, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a six year escrow release mechanism with:

- (a) 5% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18 and 24 month anniversaries of the Final Exchange Bulletin; and
- (b) 10% of the escrowed securities being releasable in 6 month intervals on each of the 30, 36, 42, 48, 54, 60, 66 and 72 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, with 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three year escrow release mechanism with:

- (a) 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, and
- (b) 15% of the escrowed securities being releasable in 6 month intervals on each of the 6, 12, 18, 24, 30 and 36 months after the Final Exchange Bulletin.

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the Policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and
 - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,

12. PRINCIPAL SHAREHOLDERS

The following table lists those Persons who own 10% or more of the issued and outstanding Common Shares of the Corporation as at the date hereof:

Name and Municipality of Residence of Shareholder	Type of Ownership	Number of Common Shares	Percentage of Common Shares Owned Before Offering	Percentage Owned After Offering Undiluted ⁽¹⁾	Percentage Owned After Offering – Fully Diluted ⁽²⁾
Xioalin (Charlie) Cheng Delta, BC	direct	800,000	29.6%	17.0%	16.6%
Nanmao Su Scarborough, ON	direct	1,200,000	44.4%	25.5%	25.5%
Yingbin (Y.B) Ian He North Vancouver, BC	direct	600,000	22.2%	12.8%	12.8%
TOTAL:		2,600,000	96.3%	55.3%	54.9% ⁽³⁾

Notes:

- (1) The figures given in this column do not anticipate the exercise of any of the options which the Corporation has granted or proposes to grant as disclosed in “Options”.
- (2) The figures given in this column assume that the Agent’s Option to purchase up to 200,000 common shares and Directors’ and Officers’ options to purchase up to 350,000 common shares described in “Options” have been fully exercised – which would result in the issued and outstanding Common Shares of the Corporation being increased to 5,250,000 Common Shares.

For purposes of this calculation, each Director and officer is assumed to have exercised all options held by such Director and officer.

- (3) *The total number of Common Shares held by the above Persons on a fully-diluted basis after giving effect to the Offering and the exercise of all options would be 2,880,000 Common Shares representing approximately 54.9% of the issued and outstanding Common Shares.*

Conflicts, if any, will be subject to the procedures and remedies as provided under the *Business Corporations Act* (British Columbia).

14. EXECUTIVE COMPENSATION

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of a Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to any Person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including:

- (a) remuneration, which includes but is not limited to:
 - (i) salaries;
 - (ii) consulting fees;
 - (iii) management contract fees or Directors' fees;
 - (iv) finders fees;
 - (v) loans, advances, bonuses; and
- (b) deposits and similar payments.

However, the Corporation may reimburse Non Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("**Permitted Reimbursement**"), which reimbursements, since incorporation, have totaled the aggregate sum of \$Nil. No reimbursement may be made for any payment made to lease or buy a vehicle.

The Directors and officers of the Corporation have also been granted stock options as more particularly described in "Options".

Following Completion of the Qualifying Transaction, it is anticipated that the Corporation shall pay compensation to its Directors and officers. However, no payment other than the Permitted

Reimbursements, will be made by the Corporation or by any party on behalf of the Corporation, after Completion of the Qualifying Transaction, if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

15. DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of 28.7% or \$0.0287 per Share on the basis of there being 4,700,000 Common Shares issued and outstanding following completion of this Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to filing this prospectus, without deduction of commissions or related expenses incurred by the Corporation.

16. RISK FACTORS

A purchase of Common Shares of the Corporation will be highly speculative and the purchaser's investment and the Corporation are subject to substantial risks, including the following, which list is not exhaustive:

- (a) the Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction. See "Proposed Operations until Completion of a Qualifying Transaction";
- (b) investment in the Common Shares offered by the prospectus is highly speculative given the proposed nature of the Corporation's business and its present stage of development;
- (c) the Directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See "Conflicts of Interest";
- (d) assuming completion of the Offering, an investor will suffer an immediate dilution to its investment of 28.7% or \$0.0287 per Common Share;
- (e) there can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
- (f) until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. See "Proposed Operations until Completion of a Qualifying Transaction";
- (g) the Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction;
- (h) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction;
- (i) Completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and in the case of a Non Arm's Length Qualifying

Transaction, Majority of the Minority Approval. See “Filings and Shareholder Approval of a Non Arm’s Length Qualifying Transaction”;

- (j) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non Arm’s Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the Common Shares;
- (k) upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction. See “Trading Halts, Suspension and Delisting”;
- (l) trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required. See “Trading Halts, Suspension and Delisting”;
- (m) the Exchange will generally suspend trading in the Corporation’s Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing. See “Trading Halts, Suspension and Delisting”;
- (n) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (o) in the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such Persons, judgments obtained in Canadian courts;
- (p) the Qualifying Transaction may be financed in all or part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation. See “Method of Financing”; and
- (q) subject to prior Exchange acceptance, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan. See “Permitted Use of Funds”.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

Notes to Financial Statements

February 28, 2007

Note 1 NATURE AND CONTINUANCE OF OPERATIONS

The Company was incorporated on October 17, 2006 under the laws of British Columbia. It is a capital pool corporation as defined in the TSX Venture Exchange Policy 2.4, and accordingly, its principal purpose is to use its capital to investigate and find a business to acquire.

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business.

The Company is required to complete its Qualifying Transaction within twenty four months following the date of listing of the Company's shares on the Exchange. The Qualifying Transaction will be subject to shareholder and regulatory approval.

Note 2 SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Company have been prepared in accordance with Canadian generally accepted accounting principles ("Canadian GAAP") and are stated in Canadian dollars.

- a) **Estimates and Assumptions**
The preparation of financial statements in conformity with Canadian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

- b) **Income taxes**
Future income taxes relate to the expected future tax consequences of differences between the carrying amount of balance sheet items and their corresponding tax values. Future income tax assets, if any, are recognized only to the extent that, in the opinion of management, it is more likely than not that the future income tax assets will be realized. Future income tax assets and liabilities are adjusted for the effects of changes in tax laws and rates at the date of enactment or substantive enactment.

e) **Financial instruments**

The Company's financial instruments consist of cash, term deposit, accounts payable and accrued liabilities, and amount due to related party. It is management's opinion that the Company is not exposed to significant interest or credit risks arising from its financial instruments, since all cash and the term deposit are placed with a major Canadian financial institution and their fair values approximate their carrying values except where separately disclosed.

f) **Stock Based Compensation**

The fair value of stock options granted is determined using the Black-Scholes options pricing method and is expensed over the period of vesting. Any consideration paid on the exercise of stock option is credited to capital stock.

Note 3 **TERM DEPOSIT**
